

# Bennie Mosher

Web Developer

[bennie@benniemosher.com](mailto:bennie@benniemosher.com)

(619) 559-6090

## Overview

I love creating websites and have been since 2004. I believe that less is more, and that clean, standards compliant code, built with open-source technology is the way of not only the future but of the here and now.

## Skills

Adobe Photoshop, HTML5, XHTML, CSS3, PHP, MySQL, XML, JSON, Javascript, jQuery, Object Oriented Programming, CodeIgniter Framework, Wordpress, Git, Textmate, VMWare Fusion, Ubuntu 10.04, Mac OS X 10.6, Windows 7, Windows Server 2008 R2 Standard

## Rosemont Media

June 2008 to June 2011

Senior Web Developer

- Developed new products for clients (i.e. Gallery, Video Players, Wordpress plugins, etc.)
- Managed small team who developed Wordpress themes from Photoshop files
- Managed Microsoft Server 2008 R2 Standard and computers on domain
- Managed work flows and projects
- Maintained standard compliant code on all projects
- Implemented up-to-date web technologies (HTML5, CSS3, CMS, etc.)
- Full stack management, from server setup to theme development

## Einstein Industries

July 2007 to March 2008

Web Maintenance Technician

- Updated client websites (ie. text, buttons, photo additions/removals)
- Maintained standard compliant code on all projects
- Fixed and implemented web applications

## Digital Enterprises

January 2007 to April 2007

Web Developer

- Designed webpages, both static and dynamic
